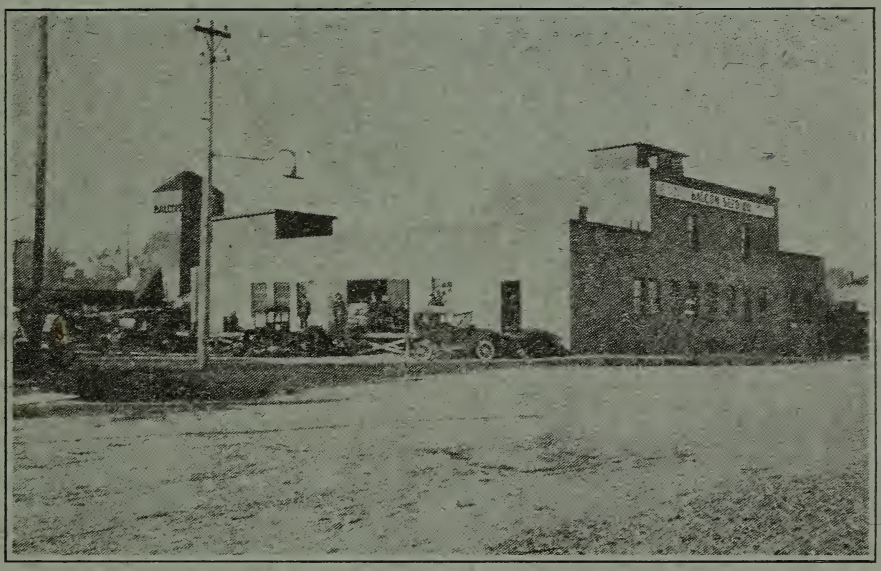
BALCOM'S

CATALOGUE OF

COLORADO SEEDS



Sorting Plant and Warehouse

BALCOM SEED COMPANY

GREELEY, COLORADO

To Our Customers

This season there will be an ample supply of almost all kinds of seed at reasonable rates. Our stock of vegetable seed is very complete and we have in cabbage and onion the same high grade seed that made such wonderful crops before the war.

In field seeds we will have several good grades of alfalfa seed on which the prices are high but quality good. In seed corn we will have a car of fine high germinating seed. The best kinds for ensilage are Minnesota No. 13 and Leaming of which supplies will be large and prices reasonable.

For the home gardens and flower beds we have this year brought into Colorado the largest and finest assortment of flower seeds ever offered. All the best and most beautiful of California flowers numbers of which bloom exquisitely here are included. A few dollars spent in this department will more than repay you for the time and trouble by the handsome blossoms which will be your reward.

Our seeds are selected for Colorado and many of them grown here. Your support will reward you and will assist in building up a home industry which will be of immense value as the years pass.

Your patronage is appreciated. If you like our goods write us. A recommend will help others and please us. If anything is wrong let us know, as we are here to serve you.

Sincerely,
THE BALCOM SEED CO.
W. D. BALCOM.

BUSINESS TERMS

All seeds are sold for cash.

Vegetable and flower seeds are all delivered to you at the prices named. On field seed you pay the freight.

Cultural Directions

Kind	Seed for acre	Seed for 100-ft. row	Plant depth	apart	Time
Artichoke	1 lb.	1 oz.	1 in.	3 ft.	April
Asparagus	3 lb.	1 oz.	1 in.	3 ft.	April
Bush Beans	25 to 50 lb.	1 lb.	3 in.	28 in.	June
Beans Pole	20 to 40 lb.	1 lb.	3 in.	32 in.	May
Beets	8 lb.	2 oz.	1 in.	3 in.	April
Cabbage	½ lb.	¼ oz.	½ in.	½ in.	April
Carrot	4 lb.	¼ oz.	½ in.	2 in.	April
Celery	¼ lb.	¼ oz.	¼ in.	2 in.	March
Corn	10 lb.	¼ lb.	2 in.	2 ft.	May
Cucumbers	3 lb.	½ oz.	1 in.	1 ft.	May
Kale	½ in.	1 oz.	1 in.	2 in.	April
Kohl Rabi	3 lb.	¼ oz.	½ in.	2 in.	April
Lettuce	3 lb.	½ oz.	½ in.	1 in.	April

1 ft. by 1 ft.	43,560	5 ft. by 2 ft.	4,356	16½ ft.x16½ ft.	160
1½ ft.x1½ ft.	19,360	5 ft. by 3 ft.	3,904	17 ft. by 17 ft.	150
2 ft. by 1 ft.	21,780	5 ft. by 4 ft.	2,178	18 ft. by 18 ft.	134
2 ft. by 2 ft.	10,890	5 ft. by 5 ft.	1,742	19 ft. by 19 ft.	120
2½ ft.x2½ ft.	6,960	5½ ft.x5½ ft.	1,440	20 ft. by 20 ft.	108
3 ft. by 1 ft.	14,520	6 ft. by 6 ft.	1,200	25 ft. by 25 ft.	69
3 ft. by 2 ft.	7,260	7 ft. by 7 ft.	888	30 ft. by 30 ft.	48
3 ft. by 3 ft.	4,840	8 ft. by 8 ft.	680	33 ft. by 33 ft.	40
3½ ft.x3½ ft.	3,555	9 ft. by 9 ft.	537	40 ft. by 40 ft.	27
4 ft. by 1 ft.	10,890	10 ft. by 10 ft.	435	50 ft. by 50 ft.	17
4 ft. by 2 ft.	5,445	11 ft. by 11 ft.	360	60 ft. by 60 ft.	12
4 ft. by 3 ft.	3,630	12 ft. by 12 ft.	302	66 ft. by 66 ft.	10

Rule.—Multiply the distance in feet between the rows by the distance the plants are apart in the rows, and product will be the number of square feet for each plant or hill; which divided into the number of square feet (43,560), will give the number of plants to the acre.

SEEDS AND PLANTS PER ACRE FOR VEGETABLES

Variety	Seed	Plants	Yield
Asparagus	3 lbs.	10,000	Indefinite
Beans, String	50 "	Drill	Indefinite
Beets, Table	8 "	Drill	10 tons
Cabbage	½ "	10,000	10 tons
Carrot	4 "	Drill	500 sacks
Cauliflower	½ "	8,000	8,000 heads
Celery	¼ "	20,000	15,000 doz.
Corn, Sweet	10 to 20 lbs.	Hills	400 boxes
Cucumber	3 lbs.	2,100 hills	Indefinite
Egg Plant	¼ "	7,000	Indefinite
Lettuce	3 "	40,000	500 crates
Melons, Casaba	1 "	680 hills	Indefinite
Melons, Musk	1 "	1,200 hills	Indefinite
Melons, Water	1 "	500 hills	Indefinite
Onion	3 "	250-lb sets	10 to 15 tons
Peas	60 "	Drill	Indefinite
Peppers	½ "	12,000	Indefinite
Potato, Irish	600 "	14,520 hills	60 to 120 sacks
Potato, Sweet	400 "	12,000 hills	100 to 200 sacks
Pumpkin	1 "	500 hills	15 to 20 tons
Rhubarb	2 "	6,000 plants	Indefinite
Spinach	15 "	Drill	10 tons
Squash, Hubbard	1 "	680 hills	10 to 15 tons
Tomato	⅛ "	1,000 plants	10 to 20 tons
Turnips	3 "	Drill	500 sacks

BALCOM'S REVISED PLANTING TABLE

Variety	Seed Per A.	How to Plant	When
Alfalfa	10 to 12 lb.	Drill or broadcast	Spring or Fall
Alsike	20 to 30 lb.	Drill	Spring
Barley	85 to 100 lb.	Drill	Spring
Blue Grass	30 lb.	Broadcast	April to June
Brome Grass	30 lb.	Broadcast	April to June
Buckwheat	45 lb.	Drill	June or July
Blue Grass Lawn (100 sq. ft.)	1 lb.	Broadcast	Spring or Fall
BEANS:			
Bush	50 lb.	Drill	May or June
Pole	40 lb.	Drill	May or June
Pinto	25 lb.	Drill	May or June
White Navy	20 to 30	Drill	May or June

FLOWER SEEDS

SWEET PEAS

Sold in Bulk

Culture: Plant in rows about four inches deep at any time from Feb. 22 to April 10. Soak the seed in warm water for 48 hours before planting.

The soil should be moderately rich. If any manure is used, it should be well rotted or sheep manure. Do not use fresh manure under any conditions as this produces heat which will eventually cause the death of the plant. Our seed is especially grown by the best sweet pea specialist in California and can be depended upon to produce a wonderful range of magnificent colors. Sweet peas are divided into two classes—the old original Grandiflora type and the Spencer. The Spencer differs from the Grandifloras in having larger petals, wonderfully ruffled, and displaying a range of color from the most delicate tints of the dawn to the lavish and gorgeous shades that enthrall the Oriental imagination. This year we are giving the first place to the Spencer Peas and are making our prices much lower than other seedmen that our customers may afford a hedge of these most delightful blossoms.

GIANT SPENCER SWEET PEAS

In Separate Colors.

Prices—Pkg., 10c; ounce, 25c; pound, $2.50.

Lovely—Delicate rose with dainty flesh shadings.
Miriam Bearer (New)—Shell Salmon Pink shades on background of rich cream.

HENDERSON BUSH LIMAS. One of the hardiest and surest of all Lima beans. Will stand the hardest kind of storms without blight. Hail hurts them less than any other bean we know of.
Per pound, 25c; 10 pounds for $2.00; 100 pounds for $15.00.

ONION SETS

We have on hand a supply of the nicest onion sets we have ever wintered. They are clean and dry and we know you will be more than pleased. Send in your orders. White sets, red sets and yellow sets, all per quart, 25c. Write for prices by the bushel.

LAWN GRASS SEED FOR VELVETY LAWNS

To make a good lawn, prepare your ground by carefully plowing or spading into the soil a quantity of sheep manure or well rotted stable manure. Rake it thoroughly until the top soil is completely pulverized, all clods and lumps removed and a firm seed bed is formed. In seeding, use a mixture three-quarters finest Kentucky Blue Grass, one-fourth finest white clover. Sprinkle this over the surface and carefully rake it into the top soil. Use one pound of seed to cover a space 10x10 feet. Cover with about 6 inches of straw to prevent crusting of the soil and to retain the moisture. Sprinkle every day until the grass is up about one inch when the straw may be removed. Lawns should be put in during April or May or during September or October. The great heat of the sun is detrimental to the growth of young shoots of grass. We have some exceptionally fine seed of Blue Grass and White Clover which we quote as follows:

Fancy Kentucky Blue Grass, right from the Blue Grass region of Kentucky, per lb., 60c; 10 lbs., $5.00. Fancy White Clover, per lb., 90c; 10 lbs., $8.50. Write for prices in larger quantities.

BALCOM'S ONION SETS

Grown at Greeley. Fine solid stock that will please you. Regular size per quart, 25c.

Oversize. The ones that won't go through an inch screen. For green onions they are fine growing in half the time. Do not plant them to grow onion bulbs. Try some in your order, 15c per quart.

FLOWERS

We carry the largest line and the greatest variety of Flower Seed in Colorado. Try some of the new kinds, such as:

Salpiglossis. Butterfly Flower. Matricaria. Helichrsum.

FIELD SEEDS

We have all the kinds usually grown in Colorado.
